(/profile/019S\_BHgr6dD7J5TT/?is=feed\_author)

For those that don't know. These are my rules for all potential employees!!

Dress Code & Appearance

1. Always wear the company shirt and boots daily....

330-25.10-K0e3e8p2clothing clean and in good condition. See more 3. Wear appropriate safety gear as required (gloves, goggles, etc.).

Add a comment... 7 1

Work Conduct

4. Arrive on time and be ready to work. Mahalon Anthony(/profile/019S\_BHgr6dD7J5TT/?is=feed\_author)

5. Follow all safety protocols and procedureEsa.stwick (/neighborhood/eastwick--stow--oh/?source=neighborhood\_name)· (/profile/019S\_BHgr6dD7J5TT/?is=feed\_author)

6. Maintain a professional and respectful at6tithurdaegto·ward

customers and  
team members.

#### Why Does Quality Cost?

7. No cell phone use during work hours unless for work-related purposes.

Quality service isn't just about getting the job done—it's about getting it done

8. Keep job sites clean and organized before leaving.

RIGHT . That means attention to detail, the right tools , skilled  
laSbeoer mor...e

and time dedicated to delivering the best results .

JoAbdPderafochromamnceent... 2

9. Complete all tasks efficiently and with attention to detail.

Just like groceries , gas , and bills are rising, so are the costs of  
high-

10. Communicate with the team and supervisor about any issues or  
quality lawn care. If your budget can't cover certaiMn

Raising a Daughter is a Gift

...

There's something truly special about raising a daughter. The love, the lessons, the little moments that shape a lifetime. Watching them grow is a joy beyond words. They bring out a love so deep, a strength so unwavering, and a purpose so clear.

I think about all I would do for my seed, and it brings tears to my eyes. One day, she'll be the one driving me, just like I remember my father teaching me. Life comes full circle in the most beautiful ways.

To all the parents raising strong, kind, and fearless daughters—cherish every moment. They are our light, our joy, and our greatest blessing.

Lawn Care vs. Lawn Maintenance: Understanding the Difference  
Lawn care and lawn maintenance are often used interchangeably, but they

refer to different aspects of keeping a lawn healthy and visually appealing.

Understanding the distinction between the two helps homeowners and

Add a comment... 5 2 property managers choose the right services for their needs.

Lawn Care: Focus on Lawn Health Mahalon Anthony(/profile/019S\_BHgr6dD7J5TT/?is=feed\_author)

Eastwick (/neighborhood/eastwick--stow--oh/?source=neighborhood\_name)· Lawn care involves services that improve and maintain the health of the grass, soil, and overall ecosystem of the lawn. It is a more science-based approach that includes fertilization, weed control, aeration, and pest management. The goal of lawn care is to nurture the lawn from the roots up, ensuring long-term vitality and resilience.

Key Lawn Care Services

1. Fertilization – Applying nutrients like nitrogen, phosphorus, and potassium to promote healthy grass growth, improve root strength, and enhance color.
2. Aeration – Removing small plugs of soil to reduce compaction, improve water absorption, and increase airflow to the roots.
3. Overseeding – Spreading new grass seed to thicken the lawn, fill in bare patches, and improve drought and disease resistance.
4. Weed Control – Preventing and removing weeds that compete with

Spring is the perfect time to get your lawn in shape for the growing season. Here are some essential tips for early spring lawn maintenance:

1. Clean Up the Lawn... See more • Rake up leaves, sticks, and debris from winter.

Add a comment... 6

- Remove any thatch buildup to allow better air and water penetration.

2. Aerate if Necessary Mahalon Anthony (/profile/019S\_BHgr6dD7J5TT/?is=feed\_author)

- If your soil is compacted, aeration helps Eimasptrwovicekr(o/onteigrhobwotrhaonod/eastwick--stow--oh/?

source=neighborhood\_name) ·

(/profile/019S\_BHgr6dD7J5TT/?is=feed\_author)

water absorption. 6 days ago ·

3. Test and Amend the Soil

- Perform a soil test to check pH and nutrient levels.
- Add lime if the soil is too acidic or sulfur if it's too alkaline.

4. Apply Pre-Emergent Weed Control

- Use a pre-emergent herbicide to prevent crabgrass and other weeds

before they germinate.

#### 5. Fertilize Properly

- Apply a balanced slow-release fertilizer to jumpstart growth.
- Avoid over-fertilizing, as it can lead to excessive top growth with weak roots.

#### 6. Seed Bare Spots

- Overseed patchy areas to promote thick and healthy grass coverage.
- Keep newly seeded areas moist until germination.

#### 7. Start Mowing at the Right Time

- Begin mowing when grass starts growing actively, keeping blades high (3-4 inches).
- Keep mower blades sharp for clean cuts.

#### 8. Water Wisely

- Start watering deeply but less frequently to encourage deep root growth.
- Early morning is the best time to water to prevent evaporation and disease.

#### Add a comment... 13 9. Check for Pests and Diseases

- Look for signs of lawn pests like grubs and treat if needed. [https://nextdoor.com/profile/019S\\_BHgr6dD7J5TT/?](https://nextdoor.com/profile/019S_BHgr6dD7J5TT/?init_source=search_autocomplete)

"In Gods Hands Lawn & Tree Service" inspires and motivates people each morning because:... See more

1. Faith and Positivity – The name itself reflects trust in God, reminding people to start the day with faith and optimism.
2. Commitment to Service – The dedication to providing excellent lawn and tree care shows the value of hard work and serving others.
3. Helping the Community – Offering senior discounts and giveaways demonstrates generosity and a commitment to helping neighbors.
4. Growth and Renewal – Just like maintaining a lawn, life requires care, patience, and perseverance—an inspiring message to wake up to.
5. Gratitude and Appreciation – Regular thank-you messages to customers, friends, and even haters emphasize gratitude, which is uplifting.
6. Encouragement Through Challenges – The business pushes through obstacles, showing resilience and inspiring others to do the same.
7. Creating Opportunities – Supporting local workers and collaborating with others fosters a spirit of teamwork and progress.
8. Living With Purpose – The company represents more than just work—it's about making an impact, spreading kindness, and staying grounded in faith.

Small Business Tip: Plan Ahead for Spring!

Spring might seem far away, but now is the perfect time to start  
preparing your

business for the busy season. Here's why starting early pays  
off:... See more Add a comment... 6

Save Money: Buy supplies and materials in winter when prices are  
often lower.

Stay Ahead of Demand: Beat the spring rush

bMyaphreaploanrinAgntyhoounryin(v/pernotfoirley/  
019S\_BHgr6dD7J5TT/?is=feed\_author)

and schedule early. Eastwick (/neighborhood/eastwick--stow--oh/?  
source=neighborhood\_name)·  
(/profile/019S\_BHgr6dD7J5TT/?is=feed\_author)

Plan Promotions: Use this time to map out dea2ls8oJrasne·rvices to attract

customers when demand spikes.

Avoid Delays: Stock up now to prevent supply chain issues later.

Preparation today sets you up for success tomorrow. Start early!!

Prayers for California

...

Our hearts go out to everyone impacted by the devastating fires in  
California. Please take a moment to be thankful for life and your  
loved ones.

I lost a very dear aunt today—she had great wealth, but no amount  
of money can bring her back. This is a powerful reminder that life is

precious and fragile.

Let's cherish the moments we have, support one another, and never take a single day for granted. Stay safe, and keep California in your prayers.

Quality Over Price: You Get What You Pay For!

...

To all my friends, customers, and supporters: Let's talk about VALUE. In today's world, it's tempting to go for the lowest price—

but remember, quality labor comes at a cost.

When you invest in quality services, you're paying for:

Experience & Expertise – Professionals who know their craft inside and out. Reliable Results – Work that's done right the first time, with care and

attention to detail.

Top-Notch Materials – Using the best tools and products for long-lasting results.

Safety & Precision – Trained experts who ensure your property and loved ones are protected.

Time & Dedication – Professionals who don't cut corners and take pride in

Eastwick (/neighborhood/eastwick--stow--oh/?

source=neighborhood\_name). 8 Jan.

Be thankful for the ability to move and go about your day, no matter the weather. In many areas, life comes to a standstill due to severe weather...e more conditions. I recently spoke with friends in other states who shared that when it snows, entire cities shut down—roads close, businesses stop, and routines are disrupted. We often take for granted the simple ability to move freely, whether it's running errands, going to work, or spending time outside. In 2025, let's be grateful for each moment we can step out and carry on with our lives. Bad weather can remind us how fragile routines can be and how fortunate we are to have good days to make the most of.

Take time to appreciate mobility, safety, and the blessings of each season. Life is precious, and even the smallest conveniences are worth celebrating!

She continues to inspire me to be myself and I genuinely love her  
for always pushing me to be better and for doing the small things  
that mean so much.

God puts people in our lives for a purpose. You know who you are,  
and for everything you've done, I want you to know how much you  
are appreciated.

Because of you, I'm reminded of the joy in helping others. That's  
why I'll always make sure to care for you whenever the weather  
changes—for free.

It feels so good to give back and support those who've touched our  
hearts. Let's keep spreading kindness and lifting each other up!

(/profile/019S\_BHgr6dD7J5TT/?is=feed\_author) A Heartfelt Thank  
You

...

There is someone I call my Online Mom because I met her here on

Exciting News for Ohio Workers!

...

Starting January 1, 2025, Ohio's minimum wage will increase, giving workers a much-needed boost to keep up with the rising cost of living. This change is a step toward better financial stability for many hardworking individuals across the state!

See more

• •

• • •

2021: \$8.80 per hour 2022: \$9.30 per hour 2023: \$10.10 per hour

2024: \$10.45 per hour 2025: \$10.70 per hour

These incremental increases reflect Ohio's efforts to adjust the minimum wage in response to economic factors and the cost of living.

Whether you're a small business owner, an employee, or a community member, this adjustment impacts us all. Let's continue to support each other and work toward a brighter, more equitable future.

What are your thoughts on this change?

Success in the lawn and landscaping industry  
investing wisely and saving strategically. You've got to be ready to  
spend...more money to make money, while planning for the  
future. Here's how you can grow your business :

#### 1. Invest in Equipment and Tools

Your tools are your livelihood. High-quality mowers, trimmers,  
blowers, and specialty equipment like aerators and chainsaws may  
cost more upfront, but they'll save time and improve your service  
quality, ensuring happy customers . Don't forget to budget for  
repairs and maintenance—broken tools mean downtime .

#### 2. Train and Pay Your Team

If you hire help, invest in their skills. Skilled employees work faster,  
deliver better results, and reduce costly mistakes. Competitive pay  
helps you keep good workers, which saves on hiring and retraining  
costs. Even if you're a one- person operation, invest in your own  
education —learn new techniques, trends, or add specialty  
services.

#### 3. Marketing is Key

In a competitive industry, you need to stand out . Spend on  
advertising, whether it's social media ads, flyers, or a professional  
website . Build a local presence through community events or  
referrals from satisfied customers . Every dollar spent on visibility is  
a step toward landing more jobs.

(/profile/019S\_BHgr6dD7J5TT/?is=feed\_author) When you come to  
the end of your rope , tie a

Preparing for bad winter weather advisories involves taking  
proactive measures to ensure safety and readiness. Here's a  
checklist:... See more

1. Monitor Weather Updates

- Stay informed by checking local weather forecasts through reliable apps, websites, or radio.
- Sign up for alerts from emergency management services. 2.

### Prepare Your Home

- Insulate Pipes: Wrap pipes in unheated areas to prevent freezing.
- Seal Drafts: Use weather stripping, caulk, or insulation to seal windows and doors.
- Check Heating Systems: Ensure your furnace is serviced and in good working condition. Have space heaters as backups.
- Stock Essentials:
  - Flashlights, batteries, candles, and matches.
  - Non-perishable food and bottled water (at least 3 days' worth).
  - Warm blankets and sleeping bags.
  - First aid supplies.

### 3. Prepare Your Vehicle

Add a comment... 4

- Winterize Your Car: Check antifreeze levels, battery, brakes, tires (including snow tires if necessary), and windshield wipers.

Mahalon Anthony(/profile/019S\_BHgr6dD7J5TT/?is=feed\_author)

Eastwick (/neighborhood/eastwick--stow--oh/?

source=neighborhood\_name)• 3 Dec•

- Emergency Kit: Include:
  - Non-perishable snacks and water.
  - ... • A flashlight with extra batteries.

Kent, OH

### 4. Stock Up on Supplies

Job Info: Bagged all leaves near road for a Nextdoor neighbor.

- Medications and personal care items.
- Extra fuel for generators or heaters.
- Rock salt or ice melt for walkways and driveways.
- Shovels or snow blowers.

### 5. Plan for Power Outages

- Ice scraper and snow brush. (/profile/019S\_BHgr6dD7J5TT/?is=feed\_author)

- Jumper cables.

In Go•ds HSaanndds Loarwintty&litterSfeorvt.raction. 330-•510-

W03a8rm2 clothes, gloves, and a blanket.

See more

- Charge electronic devices and have backup power sources (power banks or generators).
- Know how to manually open your garage door if it's electric.
- Keep refrigerators and freezers closed during outages to preserve food.

## 6. Protect Yourself Outdoors

What Happens If You Leave Leaves on Your Lawn?

1. Grass Suffocation: A thick layer of leaves can block sunlight and air ...

3fr3o0m-5re1a0c-h0i3n8g2your grass, causing it to weaken and potentially die. 2. Increased Pests: Damp, decaying leaves create a perfect

Leentviurosndmoetnhtefworoirnksseoctyso,ufucnagni,eanjdoymao cldletahnaatncdanhdealmthaygleawyonu!rlawn. Seemore 3. Uneven

Growth: Piles of leaves can leave dead spots or patches when spring comes, making lawn care more challenging later.

4. Delayed Spring Growth: A lawn covered with leaves stays colder and

wetter for longer, delaying new growth when warmer weather arrives.

If you've got last-minute leaves on your lawn, don't worry—In God's Hands Lawn & Tree Service by Mahalon Anthony is here to help! We offer expert leaf cleanup services to save your grass and prepare your lawn for winter. Contact us now to get on our schedule before it's too late!

Here are some intriguing facts about December that many people might not

know:... See more 1. December Wasn't Always the 12th Month

- In the original Roman calendar, December was the 10th month (from the Latin word decem, meaning "ten"). It became the 12th month when January and February were added in 713 BCE.

2. It Has the Shortest Day of the Year

- The winter solstice, typically occurring around December 21 or 22, marks the shortest day and longest night of the year in the Northern Hemisphere.

3. December Is Full of Meteor Showers

- The Geminid meteor shower, one of the most active and visible of the year, peaks in mid-December.

4. It's a Month of Multiple Celebrations

- Besides Christmas, December hosts various cultural and religious events, including Hanukkah, Kwanzaa, St. Lucia Day, and Boxing Day.

5. Poinsettias Are Native to Mexico

- Often associated with Christmas, poinsettias were first introduced to the United States in December 1825 by Joel Roberts Poinsett, the U.S. ambassador to Mexico.

Walking pneumonia, caused by *Mycoplasma pneumoniae*, is on the rise in the U.S., with cases significantly increasing in recent months. It's a milder pneumonia but still highly contagious. Symptoms include persistent cough, low-grade fever, fatigue, and chest discomfort. You might feel well enough to continue daily activities, but it's crucial to rest and avoid spreading the illness .

How to Prevent Walking Pneumonia:

1. Wash Hands Frequently: Keep germs at bay by practicing good hygiene.
2. Avoid Close Contact: Steer clear of coughing or sneezing individuals.
3. Stay Healthy: Eat well, stay active, and rest to boost your immune system.
4. Say No to Smoking: Smoking weakens your lungs and increases risk.
5. Stay Vaccinated: Protect against complications with flu and pneumococcal vaccines.

If you experience symptoms, consult your doctor . Preventing the spread is key—let's stay safe and healthy!

Benefits of the Last Lawn Mowing for the Year

#### 1. Prevents Snow Mold

- Cutting grass to about 2-2.5 inches stops it from matting and reduces the chance of fungal diseases like snow mold.

Add a comment... 5 2. Reduces Pests and Rodents

- A shorter lawn makes your yard less appealing for pests and rodents

looking for winter shelter. Mahalon Anthony(/profile/019S\_BHgr6dD7J5TT/?is=feed\_author)

#### 3. Promotes Healthy Regrowth Eastwick (/neighborhood/eastwick--stow--oh/?source=neighborhood\_name)·

(/profile/019S\_BHgr6dD7J5TT/?is=feed\_author)

- The right grass height allows sunlight and

nourish the

soil, promoting strong growth in spring.

Check out this massive leaf pile! This was a real challenge – took us hours

#### 4. Easier Spring Maintenance

to get it all cleared up and bagged, but we did it! If you've got a job like thi...

- A well-maintained lawn before winter means less debris and dead grass to clean up later.

. We're here to help keep your yard looking its best!" See more

#### 5. Improves Aesthetic Appearance

- A neat, freshly mowed lawn keeps your yard looking tidy all winter long.

#### 6. Prepares for Aeration and Overseeding

- Short grass makes it easier to aerate and overseed, ensuring these tasks are as effective as possible.

End the season strong with a clean-cut lawn and set it up for success in the spring!

Here are some fall and winter lawn care tips to keep your grass  
healthy through the cold months!

0:12

Fall Lawn Care Tips ...

See more 4 2

Add a comment...

#### 1. Keep Mowing

: Keep mowing until grass growth slows. Aim for 2-3 inches in  
height to prevent mold and keep it resilient.

#### 2. Fertilize : Apply a slow-release

fertilizer MeraihnaloarnlyAfnatlhtonsyt(re/pnrgotfhi/en/  
019S\_BHgr6dD7J5TT/?is=feed\_author)

roots and store nutrients for winter, helping your

laEwanstgwrieckn(/unpeiqqguhibcoklryhoinod/eastwick--stow--  
oh/?source=neighborhood\_name) ·

(/profile/019S\_BHgr6dD7J5TT/?is=feed\_author)  
spring. 8 Nov ·

#### 3. Overseed : Fall is a great time to overseed thin or bare patches.

This can help fill in weak spots and prepare the lawn for a fuller look  
in spring.

#### 4. Aerate the Soil : Aerate your lawn to loosen compacted soil and

improve water and nutrient flow. Great for lawns with heavy foot traffic!

5. Control Weeds : Use a pre-emergent weed control treatment in early fall to stop weeds like crabgrass from germinating.

6. Rake Leaves Regularly : Rake leaves to keep your lawn from suffocating. Mulching leaves with a mower can also help return nutrients to the soil.

#### Winter Lawn Care Tips

1. Limit Foot Traffic : Avoid walking on frosty or dormant grass to prevent compaction and damage.

2. Clear Debris : Before snow hits, remove toys, furniture, and other items from the lawn to avoid dead patches.

3. Monitor Snow Piling : Try not to pile too much snow on one area of your lawn when shoveling. Spread it out as evenly as possible.

4. Use Safe De-Icers : Choose eco-friendly de-icers near grass to avoid damaging the lawn edges.

5. Watch for Winter Diseases : Check for snow mold in late winter. If you see matted patches as snow melts, gently rake to increase airflow.

6. Prepare for Spring : As it warms up, give the lawn a gentle rake to remove any dead grass and let it breathe. Plan early spring fertilization for a healthy green-up!

Following these tips will keep your lawn strong through winter and ready for a lush comeback in spring!

(/profile/019S\_BHgr6dD7J5TT/?is=feed\_author) PSA: Supermoon Alert This Week!

...

Hey, neighbors! Don't miss the Supermoon this week—it's when the moon comes closer to Earth and looks extra big and bright! Perfect time for some stargazing and enjoying nature's beauty.

Best viewing times are just after sunset or right before sunrise .

Find a spot with a clear view , and if you've got binoculars or a telescope, bring them along for an even better look!

Let's all take a moment to look up and enjoy this amazing sight together!
